## **The Society of Political Methodology**

The Society of Political Methodology is the world's premier academic organization for quantitative political science, addressing the needs of a global membership base united in developing and establishing empirical tools for the study of politics.

## **The Department of Political Science at Washington University in St. Louis**

The Department of Political Science at Washington University in St. Louis (WUSTL) is widely recognized for its strengths in theory, methods, and the rigorous combination of the two. In that tradition, it represents an incredible honor to the Political Science Department at WUSTL to host the Society of Political Methodology Summer Meeting XXXIX. We welcome everyone to St. Louis and hope you have a great conference!

## Thanks to Our Sponsors

Travel grants provided by the National Science Foundation (SES 1917997).

### Platinum-level sponsors

Department of Political Science &  
The Weidenbaum Center on the Economy, Government, and Public Policy

### Gold-level sponsors

Office of the Chancellor

Meta

### Silver-level sponsor

Cambridge University Press

### Bronze-level sponsor

Springer

Annamaria Prati

### **Host Committee**

Dan Butler  
Dino Christenson  
Ted Enamorado  
Christopher Lucas  
Jacob Montgomery  
Lucia Motolinia  
Betsy Sinclair

### **Program Committee**

Emily Ritter (Chair)  
Marisa Abrajano  
Tiffany Barnes  
Erin Hartman  
Ines Levin  
Jacob Montgomery  
Xun Pang  
Molly Roberts

### **Diversity Committee**

Melissa Rogers (Chair)  
Kirk Bansak  
Ted Enamorado  
Adeline Lo  
Molly Offer-Westort  
Tara Slough  
Clay Webb  
Leah Windsor

## Instructions for Online Participation

Online participants can join via Zoom using the links below and the password sent to you via email. All hybrid sessions will be recorded and posted online for participants at the conclusion of the conference.

- Emerson Auditorium: <https://wustl.zoom.us/j/99419842470>
- Knight Center Room 200: <https://wustl.zoom.us/j/99419842470>
- Knight Center Room 340 or 210: <https://wustl.zoom.us/j/94346903005>
- Knight Center Room 220: <https://wustl.zoom.us/j/99299666749>

Please visit the conference website for instructions on attending the virtual poster session.

## Code of Conduct

As with all SPM-sponsored activities, we aim for the conference to be free of harassment, including but not limited to: harassment based on race, ethnicity, gender, religion, age, color, physical appearance, national origin, ancestry, disability, sexual orientation, gender identity, and socio-economic background. Harassment includes, among other actions, degrading verbal comments, discriminatory jokes and language, deliberate intimidation, stalking, harassing photography or recording, inappropriate physical contact, and unwelcome sexual attention.

Anyone who experiences harassment or hostile behavior may contact the SPM's Climate Liaison Teppei Yamamoto (Email: [teppey@mit.edu](mailto:teppey@mit.edu); Text or call: xxx-xxx-xxxx).

## Summary Schedule of Events

Check in will be available from 7:00am until the end of the final panel on July 21-22 in Frick Forum located on the first floor of Bauer/Knight Hall. The following is a summary of the schedule of PolMeth XXXIX:

	<i>Time</i>	<i>Location</i>	<i>Modality</i>
<b>Thursday, July 21</b>			
Breakfast	7:00AM	Frick Forum	In-person
Opening Remarks	8:00AM	Emerson Auditorium	Hybrid
Panel Session 1	8:30AM	See Program	Hybrid
Keynote Address	10:20AM	Emerson Auditorium	Hybrid
Lunch	11:50AM	Anheuser-Bush Dinning Hall	In-person
Roundtable: Jobs Outside Academia	12:00PM	Anheuser-Bush Dinning Hall	In-person
Panel Session 2	1:10PM	See Program	Hybrid
Panel Session 3	3:30PM	See Program	Hybrid
Poster Session 1 and Reception	4:45PM	Frick Forum	In-person
Buses Depart for Dinner	6:30PM		In-person
Dinner Reception	7:00PM	18 Rails @ the City Foundry	In-person
<b>Friday, July 22</b>			
Run in Forest Park	6:30AM	Meet on quad side of Bauer	In-person
Breakfast	7:00AM	Frick Forum	In-person
Panel Session 4	8:30AM	See Program	Hybrid
Panel Session 5	10:30AM	See Program	Hybrid
Lunch	12:00PM	Anheuser-Bush Dinning Hall	In-person
Virtual Poster Session	12:00PM	Gather	Virtual
Business Meeting	12:15PM	Anheuser-Bush Dinning Hall	In-person
Panel Session 6	1:30PM	See Program	Hybrid
Panel Session 7	3:30PM	See Program	Hybrid
Poster Session 2 and Dinner	5:15PM	Frick Forum	In-person
Buses Depart for Social Event	7:45PM	Hotels	In-person
Social Event	8:00PM	City Museum	In-person
<b>Saturday, July 23</b>			
Breakfast	7:00AM	Frick Forum	In-person
Panel Session 8	8:30AM	See Program	Hybrid
Panel Session 9	10:30AM	See Program	Hybrid
Lunch	12:00PM	Frick Forum	In-person

# Program

**Note:** Primary presenters marked with \*. Student co-presenter marked with a \*\*.

Emerson Auditorium and Frick Forum are located in Knight/Bauer Hall. Rooms 200, 210, 220, 340 and the Anheuser-Busch Dining Hall are located in the Knight Center.

## Thursday, July 21st

Shuttles run from the Moonrise from 6:30AM to 8:30AM.

7:00–8:00		
Breakfast		
Frick Forum		
8:00–8:30		
Opening Remarks		
Emerson Auditorium	Jacob Montgomery Chair of the Host Committee	
8:30–10:00		
Panel Session 1		
Panel A: Causality in TSCS Data		
Emerson Auditorium	Yiqing Xu*, Albert Chiu, Xingchen Lan	What To Do (and Not to Do) with Causal Analysis Using Time-Series Cross-Section Data
Discussant: Anton Strezhnev		

Panel B: Deep Language Models		
Room 200	<b>Joseph Ornstein*</b> , <b>Elise Blasingame</b> , <b>Jake Truscott</b>	How To Train Your Stochastic Parrot: Deep Language Models for Political Texts
	Discussant: Gary King	
Panel C: Causal Inference in Networks		
Room 220	<b>Matthew Simonson*</b>	Causal Inference in Heterogeneous Networks
	<b>(Virtual) Licheng Liu**</b> , <b>Xun Pang*</b>	Causal Inference with Longitudinal Network Data: Model-Based Approach for Presence of Interference and Interdependent Outcomes
	Discussant: Naoki Egami	
Panel D: Problems in Human-Generated Data		
Room 340	<b>Matthew Tyler*</b> , <b>Justin Grimmer</b> , <b>Sean Westwood</b>	The Dangers of Disengaged Respondents: Identification Bounds for Survey Experiments and Population Means
	<b>(Virtual) Yaoyao Dai*</b> , <b>Robert Pinka</b> , <b>Benjamin Radford</b>	Towards Better Human Annotation: Methods to Decrease Random and Systematic Measurement Errors
	Discussant: Jane Sumner	
10:00–10:20	Morning Break	
Frick Forum and 2nd Floor Knight Center		

10:20–11:50		Keynote Address	
Emerson Auditorium	<b>Susan Athey</b> The Economics of Technology Professor, Stanford Graduate School of Business	TBA	
Introduction: Chancellor Andrew Martin Discussant: Kosuke Imai			
11:50–1:10		Lunch Break	
Anheuser-Busch Dining Hall			
12:00–1:00		Roundtable: How to Get a Job Outside Academia (in person only)	
Anheuser-Busch Dining Hall	<b>Sarah Sled (Amazon), Natalie Jackson (Public Religion Research Institute), and Sam Luks (Meta)</b>	For graduate students considering employment opportunities outside of academia – even if you’re on the fence, join us to learn about how your degree can be applied to business careers. A PhD is a valuable degree! How can you leverage your graduate training and research experience to find a job?	
1:10–2:40		Panel Session 2	
Panel A: Machine Learning and Causal Inference			
Emerson Auditorium	<b>Carlos Cinelli*, Victor Chernozhukov, Whitney Newey, Amit Sharma, Vasilis Syrgkanis</b>	Omitted Variable Bias in Machine Learned Causal Models	
	<b>Marco Morucci*, Cynthia Rudin, Alexander Volfovsky</b>	Matched Machine Learning: A Generalized Matching Framework for Treatment Effect Inference With Learned Metrics	
	Discussant: Anna Wilke		

Panel B: Applications in Authoritarian Regimes		
Room 200	<b>Hannah Waight*</b> , <b>Yin Yuan*</b> , <b>Margaret Roberts</b> , <b>Brandon Stewart</b>	Strengthening Propaganda and the Limits of Media Commercialization in China: Evidence from Millions of Newspaper Articles
	<b>Kimberly Turner*</b>	What Happens When the Marching Stops? Measuring Post-Protest Effects in Authoritarian States
	Discussant: Emily Hencken Ritter	
Panel C: Inferential Tools for Image Analysis		
Room 220	<b>Michelle Torres*</b> , <b>Alex Pugh</b>	Beyond Prediction: Inferential Tools for Image Analysis
	Discussant: Justin Grimmer	
Panel D: Improving IV Analysis		
Room 340	<b>Nicole Pashley*</b> , <b>Luke Keele</b> , <b>Luke W. Miratrix</b>	Improving the Precision of Instrumental Variable Estimators with Post-stratification
	Discussant: Teppei Yamamoto	
2:40–3:00	Afternoon Break	
Frick Forum and 2nd Floor Knight Center		
3:00–4:30	Panel Session 3	
Panel A: Conjoint-like Inference		
Emerson Auditorium	<b>Santiago López-Cariboni*</b> , <b>Catherine Reyes-Housholder</b>	Parallel Conjoint Experiments for Measuring Gender Stereotypes and Analyzing Preferences
	<b>Korhan Kocak*</b> , <b>Asya Magazinnik</b> , <b>Scott Abramson</b>	Ideology, Electability, and Valence
	Discussant: (Virtual) Dan Hopkins	

Panel B: Causal Inference in Observational Settings		
Room 200	<b>Matthew Blackwell*</b> , <b>Adam Glynn</b> , <b>Hanno Hilbig</b> , <b>Connor Halloran Phillips</b>	Difference-in-Differences Designs for Controlled Direct Effects
	<b>(Virtual) Kirk Bansak*</b> , <b>Tobias Nowacki**</b>	Effect Heterogeneity and Causal Attribution in Regression Discontinuity Designs
	Discussant: Dean Knox	
Panel C: Citation Topic Models		
Room 220	<b>Yuki Shiraito*</b> , <b>Saki Kuzushima**</b> , <b>ByungKoo Kim</b>	Paragraph-citation Topic Models for Networked Text Data
	Discussant: Christopher Lucas	
Panel D: Money Laundering and Crypto		
Room 340	<b>Karen Nershi*</b>	How Strong Are Anti-Money Laundering Regulations in Practice? Evidence from Cryptocurrency Transactions
	Discussant: Margaret Roberts	
4:45–6:15	Poster Session 1 and Reception	
Frick Forum		
7:00–9:00	Dinner Reception at 18 Rails	
City Foundry	<b>Host: Chancellor Andrew Martin</b>	Buses depart Knight Center for the City Foundry at 6:30pm. Return service to the Knight Center/Moonrise starts at 8:15pm.

## Friday, July 22nd

Shuttles run from the Moonrise from 6:30am to 8:30 am.

6:30–7:15 Run in Forest Park		
Main quad in front of Bauer	Leader: <b>Christopher Lucas</b>	Take a run through one of America's best public spaces, Forest Park. All are welcome for this approximately 5k run.
7:00–8:30 Breakfast		
Frick Forum		
8:30–10:00 Panel Session 4		
Panel A: Getting it Right		
Emerson Auditorium	<b>Naoki Egami*</b> , <b>Martin Deveau</b>	Quantifying Robustness to External Validity Bias
	<b>Tara Slough*</b> , <b>Scott A. Tyson</b>	Adjudicating Causal Mechanisms
	Discussant: (Virtual) Walter Mebane	
Panel B: Applications in Comparative Politics		
Room 200	<b>John Londregan*</b> , <b>Eugenio Guzman</b> , <b>Juan Pablo Couyoumdjian</b>	Family Networks in Chile's Congress and the Chilean Civil War
	<b>Elissa Berwick*</b> , <b>Devin Caughey</b>	Multidimensional Group-level Latent Preferences in Multinational States
	Discussant: Alexandra Cirone	
Panel C: Automatic Causal Inference		
Room 210	<b>Dean Knox*</b> , <b>Guilherme Duarte</b> , <b>Luke Keele</b> , <b>Jonathan Mummolo</b>	Improving Estimands and Relaxing Assumptions With Automatic Causal Inference: Applications to Selection on Observables, Difference in Differences, Instrumental Variables, Mediation, and Conjoint Designs
	Discussant: Nicole Pashley	

Panel D: Multiple Identities		
Room 220	<b>Aaron Kaufman*</b> , <b>Christopher Celaya, Jacob Grumbach</b>	Intersectional or Inseparable? Disentangling Multiple Identities in Studies of Discrimination
Discussant: Ariel White		
10:00–10:30	Morning Break	
Frick Forum and 2nd Floor Knight Center		
10:30–12:00	Panel Session 5	
Panel A: Bias in Survey Response		
Emerson Auditorium	<b>Xiaobo Lu*</b> , <b>Ding Li, Shuang Ma, Wenhui Yan</b>	The Shadow of Social Desirability Bias: Assessing Estimation Bias in Sources of Regime Support in China
	<b>Margaret Roberts*</b> , <b>Seth Hill</b>	Acquiescence Bias Inflates Estimates of Conspiratorial Beliefs and Political Misperceptions
	Discussant: Matthew Tyler	
Panel B: Applications in Polarization		
Room 200	<b>Carmen LeFoulon*</b> , <b>Loreto Cox, Pedro Cubillos</b>	The Electoral Effects of Ideological vs. Affective Polarization
	<b>Laura Jakli*</b> , <b>Paul Gill</b>	Measuring Polarization, Moderation, and Destigmatization in Social Media Discourse
	Discussant: Shiro Kuriwaki	
Panel C: Sensitivity Analyses		
Room 210	<b>Erin Hartman*</b> , <b>Melody Huang</b>	Sensitivity Analyses for Surveys
Discussant: Carlos Cinelli		

Panel D: Secret Police Purges		
Room 220	<b>Monika Nalepa*</b> , <b>Barbara Piotrowska</b>	Clean sweep or picking out the ‘bad apples’: The logic of secret police purges with evidence from Post-Communist Poland
Discussant: Korhan Kocak		
12:00–1:30	Lunch Break	
Anheuser-Busch Dining Hall		
12:00–1:30	Virtual Poster Session	
Details on Website		
12:15–1:15	SPM Business Meeting (in person only)	
Anheuser-Busch Dining Hall	<b>Betsy Sinclair</b> President of SPM	
1:30–3:00	Panel Session 6	
Panel A: Election Prediction		
Emerson Auditorium	<b>Danny Ebanks**</b> , <b>Jonathan Katz</b> , <b>Gary King*</b>	If a Regression Model Predicts Common Events will occur only once in 10,000 Elections, Maybe it’s the Wrong Model
Discussant: Patrick Brandt		
Panel B: Experimental Design and Analysis		
Room 200	<b>Molly Offer-Westort*</b>	Designing Experiments for Learning and Evaluation of Heterogeneous Response
	<b>(Virtual) Fredrik Sävje*</b> , <b>Christopher Harshaw</b> , <b>Joel Middleton</b>	Optimized Variance Estimation under Interference and Complex Experimental Designs
Discussant: Erin Hartman		

Panel C: Political Economy		
Room 210	<b>Ye Wang*</b>	Understanding Shift-share Designs from the Perspective of Interference
	<b>Sergio Montero*, Galileu Kim, Matias Iaryczower</b>	Representation Failure
	Discussant: Tara Slough	
Panel D: Spatial Decay		
Room 220	<b>Frederick J. Boehmke*, Regina Branton, Richard C. Witmer</b>	A FIML Estimator for Estimating Spatial Decay in Regression Analysis
	Discussant: (Virtual) Robert Franzese	
3:00–3:00 Afternoon Break		
Frick Forum and 2nd Floor Knight Center		
3:30–5:00 Panel Session 7		
Panel A: Topic Model Labels		
Emerson Auditorium	<b>Yunhan Wen**, Julia Byeon, Max Fineman, Denis Peskov, Brandon Stewart*</b>	Are Topic Model Results Robust to Human Coding of Author-Assigned Labels?
	Discussant: Luwei Ying	
Panel B: Civilian Review Boards		
Room 200	<b>Josh McCrain*, Scott Mourtgos, Ian Adams, Daniel Schiff, Kaylyn Jackson Schiff</b>	Police Executive Support for Civilian Review Boards: A National Survey Experiment
	Discussant: Zhao Li	

Panel C: NSF PO Roundtable		
Room 210	<b>Officers: Cheryl Eavey (Methodology, Measurement, and Statistics), Paul Huth (Security and Preparedness), Jan Leighley (Accountable Institutions and Behavior), and Lee Walker (SAP and Build and Broaden)</b>  Moderator: Emily Hencken Ritter	Your chance to ask program officers what makes a great NSF proposal.
Panel D: Measurement and Visualization		
Room 220	<b>Max Goplerud*, Iza Ding</b>  Discussant: (Virtual) Yaoyao Dai	Visualizing Democracy Using Covariate Adjusted Principal Curves
5:15–6:45 Poster Session 2 and Reception		
Frick Forum	Shuttles to Moonrise run from 6:45-7:15	
8:00–10:00 Optional Social Event: City Museum		
City Museum	<b>Host: Jacob Montgomery</b>	Buses depart Knight Center/Moonrise at 7:45pm and return at 10:00pm. Tickets have been purchased in advance. Tell the ticket office you are with the conference.

## Saturday, July 23rd

Shuttles run from the Moonrise from 6:30am to 8:30 am. No return shuttle service will be provided

7:00–8:30		Breakfast
Frick Forum		
8:30–10:00		Panel Session 8
Panel A: Political Methodology in Technology, News, and Nonprofits		
Emerson Auditorium	<b>Drew Linzer (Civiqs), Sarah Sled (Amazon), Sol Messing (Twitter – Virtual), and Kabir Khanna (CBS News)</b>	This panel will discuss the work that political methodologists do in jobs outside academia. How can graduate curricula and advising best prepare students for non-academic careers? What areas of academic research in political methodology are most applicable to non-academic work? And how can SPM engage with – and provide value to – people outside of academia in mutually beneficial ways? Participants may submit questions anonymously ahead of time by emailing <a href="mailto:drew@civiqs.com">drew@civiqs.com</a> .
Moderator: Drew Linzer		
Panel B: Cross-Context Learning		
Room 200	<b>Anna Wilke*, Cyrus Samii</b>	To Harmonize or Not? Research Design for Cross-Context Learning
Discussant: Adam Glyn		
Panel C: Contrastive Learning		
Room 210	<b>Patrick Wu*, Joshua A. Tucker, Jonathan Nagler</b>	Dictionary-Assisted Supervised Contrastive Learning
Discussant: Laura Jakli		

Panel D: Applications in International Relations		
Room 220	<b>(Virtual) Jinah Kwon*, Seol Choi</b>	Studying an Area Where You Never Been: Methodological Issues in Studying North Korea
	<b>(Virtual) Alexander Kustov*, Yaoyao Dai, Benjamin Radford</b>	How Social Scientists Learned to Stop Worrying and Love Immigration: A Big-Data Analysis of Academic Articles from the Past Century
	Discussant: (Virtual) Sirius Bouchat	
10:00–10:30 Morning Break		
Frick Forum and 2nd Floor Knight Center		
10:30–12:00 Panel Session 9		
Panel A: Survey methods, geography, REP		
Emerson Auditorium	<b>Cory McCartan**, Jacob Brown, Kosuke Imai*</b>	Measuring and Modeling Neighborhoods
	<b>Shiro Kuriwaki*, Stephen Ansolabehere, Angelo Dagonel, Soichiro Yamauchi</b>	The Geography of Racially Polarized Voting: Calibrating Surveys at the District Level
	Discussant: Mayya Komisarchik	
Panel B: Improving Supervised Learning		
Room 200	<b>Ju Yeon Park*, Jacob Montgomery</b>	Validating the Pipeline: A Procedure-based Approach to Creating Measures of Latent Concepts with Supervised Machine Learning
	<b>(Virtual) Thomas Robinson*, Artem Nesterov, Maksim Zubok</b>	SyGNet: Synthetic Data for the Social Sciences using Deep Learning
	Discussant: (Virtual) James Bisbee	

Panel C: Bayesian Causal Inference		
Room 210	<b>Thomas Leavitt*</b>	Bayesian Learning from Randomized Experiments
Discussant: Yiqing Xu		
Panel D: Language Models		
Room 220	<b>Miklos Sebok*, Akos Mate, Lukasz Wordliczek, Dariusz Stolicki, Adam Feldmann</b>	Solving Multi-Class Classification for Low Resource Languages with Large Language Models
Discussant: Brandon Stewart		
12:00–1:00		
Lunch		
Frick Forum		
1:00		
Conference Concludes		

## Poster Session 1 (Thursday)

No.	Last	First	Title	Party	Advantage under	Disc. 1	Disc. 2	Group
1	Paulsen	Tine	Mass Party Advantage under Centered Local Governance			Monika Nalepa	Alexandra Cirone	RDD
2	Meisels	Melissa	Everything in Moderation, Including Moderation: The Effect of Extremist Nominations on Campaign Fundraising			Joseph Ornstein	Cherie Maestas	RDD
3	Atsushaka	Yuki	Causal Inference with Ranking Data: Application to Survey Experiments and Electoral Engineering			Luke Keele	Benjamin Laughlin	Causal Inference
4	Bergeron-Boutin	Olivier	How Robust is Causal Inference in Observational Political Science? A Systematic Review Using Sensitivity Analysis			Chad Hazlett	Marco Morucci	Causal Inference
5	Glynn	Adam	Robust Method of Difference: Replicable Individual Treatment Effects and Attribution with Binary Outcomes and N=2			Matthew Blackwell	Thomas Leavitt	Causal Inference
6	Markovich	Zachary	Causal Inference With Bundled Variables			Matthew Blackwell	Chad Hazlett	Causal Inference
7	Yu	Arthur Zeyang	On the Identification of the Local Persuasion Rate			Luke Keele	Marco Morucci	Causal Inference
8	Arias	Sabrina	Think Globally, Act Locally: The Determinants of Local Policymaker's Support for Climate Policy			Elissa Berwick	Melissa Rogers	Conjoints
9	Ham	Dae Woong	Using Machine Learning to Test Causal Hypotheses in Conjoint Analysis			Jonathan Mummolo	Santiago Olivella	Conjoints
10	Hoellerbauer	Simon	How Many Is Too Many? Outcome Questions in Conjoint Survey Experiments			Elissa Berwick	Teppei Yamamoto	Conjoints
11	Liu	Guoer	Multiple Hypothesis Testing in Conjoint Analysis			Teppei Yamamoto	Scott Abramson	Conjoints
12	Sung	Yu-Hsien	How U.S. Voters Elect Prosecutors: Evidence from a Conjoint Experiment			Betsy Sinclair	Bryant Moy	Conjoints
13	Lerma	Rosemarie	Politics is a Game: An Analysis of Rhetoric and Information Sharing on Twitch.tv			Erin Rossiter	Betsy Sinclair	Digital Platforms
14	Li	Zhao	Keep Winning with WinRed? Digital Fundraising Platform as the Party's Public Good			Kevin Munger	Karen Nershi	Digital Platforms

Table continues on the next page

No.	Last	First	Title	Disc. 1	Disc. 2	Group
15	Lockett	Dominique	What Drives Public Perceptions of the Political in Digital Advertising?	Sam Luks	Mayya Komisarchik	Digital Platforms
16	Sumner	Jane	Using Reddit as Polling Data for Municipal Elections	Kevin Munger	Nora Webb Williams	Digital Platforms
17	Chang	Keng-Chi	Characterizing Visual Memes in State-linked Information Operations	Christopher Lucas	Hannah Waight	Images
18	Ko	Hyein	Keeping it All in Focus: Rethinking the Nature of Visual Framing in the Social Movement Contexts	Michelle Torres	Nora Webb Williams	Images
19	Yang	Seo Eun	A Picture is Worth A Thousand Words: Machine-Learning Visual Framing Analysis	Michelle Torres	Patrick Wu	Images
20	Fariss	Christopher	Measuring Arms: Introducing the Global Military Spending Dataset	Benjamin Laughlin	Karen Nershi	IPE and conflict
21	Kim	Byungkoo	Mapping the Global Division of Labor: Dynamic Clustering Analysis on Country Positions in Global Value Chains	Max Goplerud	Tine Paulsen	IPE and conflict
22	She	Hongyi	Learning About Trade	Jay Goodliffe	Casey Crisman-Cox	IPE and conflict
23	Zeilberger	Tamar	Measuring Political Uncertainty in Autocracies with Evidence from China	Josef Woldense	Yiqing Xu	Measurement
24	Campos	Alejandra	Strolling to the Polls: Measuring the Costs of Voting in the American States	Samuel Baltz	Michael Alvarez	Measurement
25	Christiansen	William	Who cares about feelings? Survey techniques for measuring information type valuation	Eric Plutzer	Scott Abramson	Measurement
26	Frederick	Samuel	Kill(ed) Bills: How Agenda Control Affects Roll-Call Ideal Point Estimates	Max Goplerud	John Londregan	Measurement
27	Kenny	Christopher	Individual Partisan Harm and Utility in Redistricting	Michael Alvarez	Melissa Rogers	Measurement
28	Shin	Soahn	Measuring Issue-Specific Preferences from Votes	Max Goplerud	John Londregan	Measurement
29	McCartan	Cory	Estimation of Racial Disparities When Race is Not Observed	Christopher Lucas	Yuki Shiraito	Measurement
30	Roundy	Nate	Analyzing experimental survey data of new measures of sexuality and gender identity in the United Kingdom.	Eric Plutzer	Natalie Jackson	Measurement
31	Lo	Adeline	Mapping literatures with networks: an application to redistricting	Ye Wang	Jacob Montgomery	Networks

*Table continues on the next page*

No.	Last	First	Title	Disc. 1	Disc. 2	Group
32	Moses	Laura	Capturing Communication Networks for Political Research	Ye Wang	Dino Christenson	Networks
33	Zeng	Yuzhu	State Capacity and Internal Migration: A Multilevel Empirical Analysis of China	Matthew Simonson	Xiaobo Lu	Networks
34	Boschelli	Lucas	Expanding Our Coverage Of Local Politics: An Application of Named-Entity Recognition to Public Meeting Minutes	Rachel Porter	Patrick Wu	Text Analysis
35	Halterman	Andrew	Synthetic text for supervised text analysis	Erin Rossiter	Adam Lauretig	Text Analysis
36	Jianjun	Yu	BTM not LDA: A Proper Topic Model For Social Media Text	Rachel Porter	Molly Roberts	Text Analysis
37	Lin	Gechun	Estimating Short Text Similarity with A Customized Meaning-Based Approach	Yuki Shiraito	Ju Yeon Park	Text Analysis
38	Mehlhaff	Isaac	Political Speech at Scale: Argument Mining with Deep Learning	Yuki Shiraito	Ju Yeon Park	Text Analysis
39	Suong	Clara	Worth the Money? A Comparison of Cheap and Costly Diplomatic Communication on Social Media	Jeff Ziegler	Juraj Medzihorsky	Text Analysis
40	Prati	Annamaria	Changing Individuals: Difference-in-differences using joint Gaussian Processes	Jeff Gill	Thomas Leavitt	Timeseries and TSCS
41	Wang	Ye	Regression Discontinuity Designs for Time-Series Cross-Sectional Data	Yixing Xu	Clayton Webb	Timeseries and TSCS
42	Kagalwala	Ali	Machine Learning for Time Series Analysis	Neal Beck	Patrick Brandt	Timeseries and TSCS
43	Bao	Le	A Compositional Approach to Macro-Level Political Behavior	Clayton Webb	Guy Whitten	Timeseries and TSCS
44	Strezhnev	Anton	Decomposing Regression Triple-Differences with Staggered Adoption	Jeff Gill	Matthew Simonson	Timeseries and TSCS
45	Smith	Nicholas	Supplemental Online Resources Improve Education in Political Methods	Gary King	Ted Enamorado	Misc.

## Poster Session 2 (Friday)

No.	Last	First	Title	Disc. 1	Disc. 2	Group
1	Goodliffe	Jay	The Changing Population of Donors	Devin Judge-Lord	Cherie Maestas	American Politics
2	Park	Ju Yeon	Electoral Rewards for Political Grandstanding in Committee Hearings	Josh McCrain	Michael Olson	American Politics
3	Chiu	Albert	Diagnostics for Panel Causal Analysis with Continuous Treatments	Adeline Lo	Evan Rosenman	Causal Inference
4	Flanagan	Emily	Heterogeneous Treatment Effects for Individual-Level Subgroups in Cluster-Randomized Experiments	Jake Bowers	Molly Offer-Westort	Causal Inference
5	Huang	Melody	Variance-based sensitivity analysis for weighting estimators for more informative bounds	Jake Bowers	Cyrus Samii	Causal Inference
6	Markovich	Zachary	How to Condition Causal Effects on Factual Manipulation Checks Without Inducing Post-Treatment Bias	Jacob Montgomery	Matthew Blackwell	Causal Inference
7	Medzihorsky	Juraj	Consistent treatment selection based on Manski midpoints	Cyrus Samii	Luke Keele	Causal Inference
8	Zhai	Haoyu	Crowdsourced social scientific models of COVID-19 mortality	Adeline Lo	Gordon Arsenoff	Crowdsourcing
9	Alvarez	R. Michael	Detecting and Detering Social Media Attacks on American Election Officials	Devin Judge-Lord	Zhao Li	Election Science
10	Baltz	Samuel	The calculus of voting in Instant Runoff elections	Greg Sasso	Sergio Montero	Election Science
11	Jaffe	Jacob	Evaluating Time to Vote Using the Coxian 2-Phase Distribution	Joseph Ornstein	Kabir Khanna	Election Science
12	White	Ariel	Prison Gerrymandering: How much do prison population counts matter for redistricting outcomes?	Dan Butler	Kosuke Imai	Election Science
13	Cao	Thomas	The Weaknesses of Selective Sanctions: Evidence from U.S. Sanctions on China	Xiaobo Lu	Clara Suong	IR/Conflict
14	de Castro Quaglia	Laura	Kinship Measurement	Chris Fariss	Curt Signorino	IR/Conflict
15	Ge	Zoe Xincheng	Who Reports Disease Outbreaks? When Interdependence Meets IO Independence	Curt Signorino	Casey Crisman-Cox	IR/Conflict
16	Kunkel	Sky	What Happens After Peacekeepers Leave?	William Christiansen	Jonathan Homola	IR/Conflict

*Table continues on the next page*

No.	Last	First	Title	Disc. 1	Disc. 2	Group
17	Nishimura	Yui	Activists Together or Apart: Advocacy Co-operation and Government Shaming in the International Human Rights Regime	Chris Fariss	Kimberly Turner	IR/Conflict
18	Petroff	Casey	Conflict Technology As a Catalyst of State Formation	Michael Olson	Tine Paulsen	IR/Conflict

# Useful Information

## Campus Map

Most of the events will take place in Bauer Hall, Anheuser-Busch Hall, and Knight Hall.

To access a detailed map of WUSLT, go to: <https://wustl.edu/about/campuses/maps-directions-parking/>

Floor plan of the Knight Center: <https://olin.wustl.edu/docs/Communication/Knight%20Center%20Floor%20Plans.pdf>

## Campus Accessibility

To access information about specific building accessibility information, such as the locations of accessible entrances, restrooms, elevators and power assist doors, go to: <https://wustl.edu/about/campuses/maps-directions-parking/>, and click on the accessibility box of the campus maps. If you need a special accommodation, please do not hesitate to contact any of the members of the host committee.

## Wi-Fi

Wi-Fi will be available during the conference through the wustl-guest-2.0 network (no password required) and eduroam (login with a .edu email address and password).

## Campus Police

In case of an emergency, please contact the Washington University Police Department at (314) 935-5555.
